

2022-2023

ANNUAL

REPORT

The value of a TEAM

I was going to title this little introduction "Excitement, Change, Growth and Stress" but I decided that although those four things were a huge part of our fiscal year, with all the construction planning, extra fundraising, staffing and volunteer shifts, big grant news...I instead wish to dedicate this annual report to our amazing team.

We have a very small, but very mighty staff at Good News Project. When I call you my family, I mean it. To Toni who is the rock and anchor. You constantly remind me of the importance of organizational history and where it fits in our growth. To Eric who is the analyzing mastermind, square footage maximizer and comic relief, to Jacqueline with your steadfast work ethic and reliability, to Rouleen with your non-profit wisdom and interpersonal sensitivity. You all bring something so special to the table. You are a remarkable team.

To our volunteers...holy toledo, we truly would not be "Good News" without you. The hours of dedication, labor, humor, lived experience and passion to do something amazing for the community is inspiring to me. I am so fortunate and humbled to cross your paths, often on a weekly basis. You bring talent, new ideas and depth to the table. This includes our amazing board of directors who have traveled this strategic planning, capital campaign and building design journey over the last year.

And to our donors. You believe in and purposefully support this work. Our communities are better places because of your strategic placement of dollars at our organization. I am forever grateful.

A YEAR IN REVIEW

2022-2023

HIGHLIGHTS

1

We honored our Founders, Dr Charles & Peggy MacCarthy, with the organization's first-ever Lifetime Achievement Award.

2

We began Phase1B interior renovations as part of our capital campaign! A new lobby, offices and clean, well-lit, storage space began just toward the end of the fiscal year.

3

We were recipients of the Impact100 of Greater Wausau grant in the amount of \$100,000; with the money we purchased an electric forklift, hired a Volunteer Coordinator and built a mobile education center for our e-CYCLE program.

4

We repurposed over 3,000 pieces of durable medical equipment within north central Wisconsin.

5

We met the challenge of a major renovation project head-on and handled our customer service the best way we knew how...face-to-face.

6

We sent excess durable medical equipment to Ukraine, Turkey and St. Lucia.

7

We supported a new model for international involvement: Math Camp 2023 in St. Lucia!

8

The number of customers of our Health Equipment Lending Program increased. Many of our new customers came to us based on personal referrals.

9

The volunteers that assisted us during this journey also learned to pivot. They were responsible to make sure that our medical equipment was safety checked, cleaned, sanitized and made available for loan. They delivered caring customer service for e-CYCLE and helped lift and sort electronic waste for recycling and repurposing.

10

We reignited the historically popular Merrill e-CYCLE Event with a new partner organization (Merrill Noon Optimists) to a great turnout. 34,137 lbs taken in over the two-day event!

11

We continuously adapted the e-CYCLING front and back-end setups to accommodate reduced floor space due to construction inside the building.

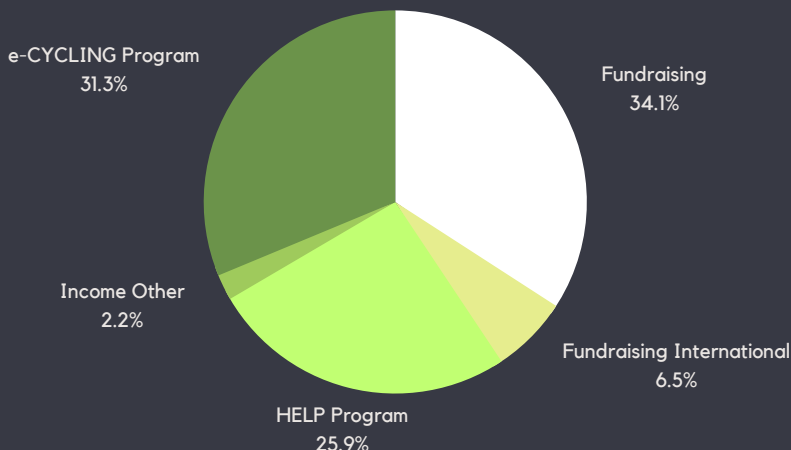

12

We began the transition to using SalesForce for maintaining e-CYCLING statistics, accounting, and other program functions.
