

## Shower chair with or without back

- Shower chair: Designed to fit just about any style of bathtub or shower
- Quality Construction: The shower chair is made of durable aluminum
- Adjustable: Designed to fit all needs, this adjustable stool has legs that can be adjusted in 1-inch increments
- Secure and Scratchproof: This shower chair for bathtubs and showers comes equipped with suction-style tips on the legs, providing stability and drainage holes that reduce slipping
- Dimensions: Width: 19.25 inch; Height: 15.5 inch to 19.5 inch; Weight Capacity: 300 lbs

**WARNING!** If your shower chair has a back, please do not use the back as a means of support. It was not designed to be leaned on.
